

Congratulations on your new Attackcam product

The guarantee period according to the terms and conditions is 2 years for natural persons and 1 year for companies/municipalities/authorities. By registering the system, the warranty period is extended.

2 years on the camera

4 years on the sensor.

Another benefit is. By registering, you will receive the latest information about updates, applications, promotions and news regarding thermal imaging technology from the Attackcam brand. The warranty period is only extended after the system has been registered and the form has been correctly filled out and sent by email or fax. This must be done within four weeks of purchasing the equipment. Otherwise the guarantee cannot be extended free of charge
